Commander's Report

Fellow Color Guardsmen,

The Decade of the American Revolution (1773 to 1783) is upon once as we close in on the 250th Anniversary of many of the battles and events that brought about this great nation.

The color guard is many times the "Face of the SAR" as we are out front and in the public eye. By being the "Face" many of our activities find their way onto various form of social media which is great for publicity but not so much when items in the Color Guard handbook are not being followed. There are several articles in this issue of the magazine that deal with the issues that have come up over the last year. Safety is the primary topic wither it be dealing with the heat and other health related items or with the safety surrounding black powder and weapon handling.

Please take the time to review the articles in this magazine and to refresh yourself on the color guard handbook and safety videos. This information is available on the National Society SAR website (sar.org). Once you go to the website, please login. Once you have done this then click on "Members", then "Committees", and then scroll down to "Color Guard Committee" web page. Once on this page there are links for the Color Guard Handbook and three Training videos.

Each color guard member should know the material in the handbook and color guard training videos as well as "NSSAR's Youth Protection Training" which is under the eLearning tab of the main SAR website. The Youth Protection Training needs to be updated every three years and many who originally took the training when it first came out need to complete the new training course. The color guard works with and around children and thus guardsmen fall under the National SAR policy that requires this training.

The three new color guard videos that have been referred to in prior articles have been finished and authorized to go onto the color guard webpage. Hopefully this will happen shortly after the conclusion of the NSSAR Congress.

During this quarter two members of the color guard support staff have stepped down.

Artillery Commander Dr. Rudy Byrd from Arizona
Fife Major David Embry from Maryland.

On behalf of the staff, we wish to thank these compatriots for their service and hope they can stay involved with the color guard.

An updated draft of the Color Guard handbook will be ready for Congress, and we also have several motions that will be put in front of the committee.

During the past few months, it has been my honor to serve as your National Commander while participating at the

- 1) Frederica Naval Action Commemoration on Saint Simons Island, Georgia
- 2) Battle of Pensacola Commemoration – Galvez Days in Pensacola, Florida
- 3) George Rogers Clark Commemoration in Vincennes, Indiana
- 4) Fort San Carlos Commemoration in Ste. Genevieve, Missouri
- 5) National Memorial Day Parade in Washington, DC
- 6) Battle of Ramsour's Mill Commemoration in Lincolnton, NC

Please consider participating in the Vigil at George and Martha Washington's Tomb at Mount Vernon on Saturday 14 Sep 2024. The Signup Genius link is below:

<https://www.signupgenius.com/go/20F094CAA92DABFD0-50246546-mount>

I realize that the Gathering at Sycamore Shoals in Tennessee is on the same date so a guardsman will need to make a choice. If this is your first-time serving vigil as a tomb guard you will be given the Tomb Vigil Pin. Serving on this detail is the only way to acquire this pin.

Every time the magazine at least one person complains about the dates on the National Event schedule. Please note that the "National Color Guard Events" schedule is published with "HISTORIC DATES" with large print notation to verify the date of the event with the hosting society, chapter, or the SAR website.

I have located the dates of many of the events and they are in a chart at the end of this article or further into the magazine as spacing allows. Again, you always need to verify to make sure that there have not been any changes since this list was compiled.

Please make sure that an invitation is sent to all members of the National Society SAR Color Guard Command staff as soon as possible once a date for a national event is set. It is extremely difficult to locate the when, where, and time of many SAR events.

Please also follow up after the event with the After-Action Reports as requested by the Historic Sites and Celebrations Committee with a copy to the National Color Guard Commander.

In regard to medal applications as of 30 June 2024, the following color guard medal applications have been approved:

- Silver Color Guard Medals - 66
- Von Steuben Color Guard Medals - 18
- Molly Pitcher Medals - 4

A few more have been received since then but I will include them in next year's count.

We are the face of the Sons of the American Revolution at the national, state, and chapter levels. Accordingly, as we further the Patriotic, Historic, and Educational Goals of the SAR let us have fun, enjoy the comradery, and practice safety for yourself and others.

I look forward to serving as your National Color Guard Commander for another year.

Yours in Patriotism

National Society SAR Color Guard Commander

Vice-Commander's Report

Compatriots,

As we get ready for our upcoming Congress.

Please bring your Uniforms.

Remember that you cannot wear any medals while in uniform.

Please keep a record of all events that you do.

Remember Spring, Fall, leadership meetings are National events as is Congress.

And remember you only get 20 points for Congress no matter how many times you put on your uniform.

Please stay hydrated, and hydrate before coming to Congress.

Look forward to seeing you all.

At our upcoming Congress.

Respectfully submitted,
Robert Meyer.

Vice Commander, National Color Guard

Medal Clarification

For future publications of this magazine please remember that it is the policy of the National Color Guard Committee that no medals or other decorations will be worn on uniforms. If a picture is submitted that is not in compliance with this policy the Color Guard Committee reserves the right to not use the picture in any publication.

The following is from the National Society SAR Color Guard handbook:

- ***Wearing Medals. If a Color Guardsman insists on wearing SAR medals on his uniform because he would not otherwise have an opportunity to wear them, then they may be worn only during SAR internal events such as chapter, state and national meetings where the general public is not present. In any case, the Color Guard Commander in charge makes the final decision on the permission to wear medals on the Color Guard uniform during SAR internal events. It is the policy of the National Color Guard Committee that no medals or other decorations will be worn at official National Society events.***

Increasing Participation in Color Guard

Prologue

It's fall of 2022, the pandemic is subsiding, and people are actually getting back to conversing with one another face to face. An idea is floated during parting conversations after the completion of an OKC chapter meeting about taking the Color Guard unit to the next level. "Guys and Guns" is the catchy phrase being bantered about. What's not to like? So, at the next scheduled event this recruit to the Color Guard shows up at Colonial Days at the Capitol in a hastily prepared minute man uniform to be part of a team demonstrating to 5th Graders the Von Steuben musket loading and firing drill. He's hooked. This is what he wants to do.

Part 1: Formation of Honor Guard Musket Team

What propelled the membership and increased the activity level for the OKC Color Guard (CG) was the formation of an Honor Guard musketry team. Drills and practices were held where safety and proper adherence to the Loading and Firing Drill were stressed. Now we can do much more than carry flags in parades. With guidance from CG Commander Joe Sieber in marching and proper protocol, much was accomplished in a short amount of time and soon we were scheduled for our first Patriot Grave Marking (PGM) live fire salute. The weather was good, the muskets all fired and before long the Honor Guard was in great demand. A Guidance and Safety Manual was adopted by the Chapter along with proper levels of liability insurance to extend to all members of the musket team. Captain Steve Miller currently commands the Honor Guard musketry team.

Part 2: Growth & Recognition

As our ranks grew, so did our recognition and invitations. We have good relationships with the OKC area Daughters of the American Revolution (DAR) chapters, and several professional sports associations. A highlight was the Color Guard presenting Colors at the OKC Thunder professional basketball team game on two occasions. The Oklahoma Society was the recipient of 1st Place in the Stark Awards at the State Level for 2023 with 52,000 points. The OKC Chapter alone supplied 44,000 of these points. We have been able to supplement Color Guards with other Chapters in Oklahoma, Texas, Arkansas, and Missouri for Honor Guards, Patriot Grave Markings, and Veteran activities such as the Wounded Warrior (WW) Program.

Epilogue

It has been said that the Color Guard is the face of the SAR. It is what people see at public events who are not members or may not have even heard of The Sons of the American Revolution. We run into this more often than not. The SAR Mission Statement contains the words ".....educating and inspiring future generations about the founding principles of our Country." We feel that our activities are more than just a presentation; it is an opportunity to educate and enlighten a general public too far removed from our American History. While we all bring different skill sets to the table, one thing our Color Guard Members have in common is a strong desire to honor and respect those Patriot Ancestors that gave so much for our Freedom and way of life.

Oklahoma City Chapter President Mark Reichardt

Editor's Notes

I am very happy to note that **26** states have submitted content for this issue.

Let me say that for the next issue, PLAN HEAD and get your report started well before the deadline.

I am aware that the deadlines for issues especially January, July and October involve a time crunch for the state commanders/submitters and for me. I can't start compiling the issue (putting articles on pages) until I get all of the state contents since I list the state articles alphabetically. It takes at least two whole days to compile and recheck the placement of text and photos.

To hopefully make it easier on you, the state submitters, and me, I will extend the delivery deadline to an extra 4-7 days into certain issues month, e.g., January (7th), July (5th), October (4th). The time frame for the activities/events is still the preceding 3 months. For the July 2025 issue, color guard activities from April 1st to June 30th inclusive should be what's submitted.

PLEASE NOTE:

I would ask all submitters to help me in processing those submissions. Items to note are:

1. Some submissions had photos that were time consuming in getting them ready to include. They were (1) small in resolution and thus had to be placed as tiny graphics, (2) too blurry/DARK and had to be manipulated to sharpen the photos to be easily viewed. SO - PLEASE send photos in largest resolution possible and make sure that the submissions are not blurry.
2. **DO NOT SUBMIT HEIC** graphics
3. **DO NOT** embed photos in documents or messages. Send them separately as file attachments e.e., **Parade1.jpg**
4. **DO NOT** send in content that does not have Color Guard involvement.
5. **DO NOT** send graphics/pictures from within IDrive/Google-Drive or other cloud based storage
6. Identify which photo goes with which event. e.g., **(event-name)1.jpg**

This issue took longer to format because submissions did not follow the guidelines listed above. Submissions will be reviewed upon receipt and if necessary I will send the submission back for correction.

Yours in Patriotism

Steve

State Color Guard Commanders

I send at least two messages to the known Color Guard Commanders for each issue, i.e., one to remind them to send content to me for the next issue; then to provide the link to that new issue for them to forward to all of their state's color guard members.

When commanders change, notification should be provided to the National Commander and myself within the shortest possible time by the state authority making the change. Such as the retiring commander, state officer, etc. Provide the following personal information on the new commander:

- Full name
- Phone number that he uses - landline or Cell
- Email address
- Street Address
- City
- State & Zip

If in passing content requests to your color guard members **PLEASE** make sure that they understand the guidelines to be used in submitting Content & Photos as explained in the column to the left. It takes too much time to have to re-format text into usable text and to try to open photos saved in a format that I have no application that will open the photo.

Some submissions are still using a Cloud source (e.g., Google Drive and/or Google Docs). These sources require several steps to actually get the photo or text into a usable format. Use WORD or text in message with Photos sent as file attachments to the message.

Some states are placing their events in Facebook - the SAR FB page. So far for the July events, the following have FB entries: OK, FL, MD, TX, WA, GA, WV, VA, MI. These events should be sent to me for the October Issue.

Acceptable Content

The color guard activities in the chapter, state, and National level are what should be submitted. These include activities where color guard units participate : parades, Grave markings, Flag retirements, posting/retiring colors at meetings (SAR and NON-SAR meetings), Presentation of Color Guard medals (Bronze/Silver, Von Steuben, Gold, Molly Pitcher, etc). Obviously, this includes the National Color Guard events as listed in this magazine.

There are times when submissions for the *SAR Colorguardsman Magazine* contain items that I would wish more chapters were participating in. Such as Eagle Scout awards and other youth award/presentations, Heroism, EMT, Law Enforcement, Liberty, and other medals. These are special moments and deserve to have them known to all SAR members. The proper medium for making these exemplary activities known is the *SAR Magazine* – **not** the *SAR Colorguardsman Magazine*. Therefore, please send them to the editor of the *SAR Magazine*.

Summer Event Safety

SUMMER EVENT SAFETY

Compatriots, it's summertime and still hot! This is a reminder from last year's article. For all your color guard events, encourage plenty of hydration and use sunblock/sunscreen on exposed areas of your skin while outdoors.

I've attached two links to information I use as the Virginia Society SAR Color Guard Commander related to this topic. Please consider using these to plan your events. Be cool and stay cool!

Please use the following NOAA calculator: <http://www.wpc.ncep.noaa.gov/html/heatindex.shtml>

And the following for looking up 10-day weather schedule: <https://weather.com/> (just type in the city/location)

The National Weather Service has developed a new HeatRisk product, which evaluates the threat of predicted temperatures on a 0 to 4 scale.

The HeatRisk levels consider how unusual the heat is, its duration and its potential health effects. At levels 3 & 4, the heat will pose a threat to individuals without adequate cooling and hydration. The most vulnerable groups are typically outdoor workers, the homeless, older adults and anyone without access to air conditioning.

<https://www.wpc.ncep.noaa.gov/heatrisk/>

The NWS HeatRisk is an experimental color-numeric-based index that provides a forecast risk of heat-related impacts to occur over a 24-hour period. HeatRisk takes into consideration:

- How unusual the heat is for the time of the year
- The duration of the heat including both daytime and nighttime tempera-

tures

- If those temperatures pose an elevated risk of heat-related impacts based on data from the CDC

This index is supplementary to official NWS heat products and is meant to provide risk guidance for those decision makers and heat-sensitive populations who need to take actions at levels that may be below current NWS heat product levels.

SUMMER EVENT COLOR GUARD PLANNING

Be mindful of heat factors for upcoming outdoor summer events. Some things to consider as mitigating factors:

- Schedule the event early—like 10 a.m. instead of 11 or later. The 1–2-hour difference can really help. Avoid afternoon events if possible.
- Wear cooler hunting shirts—or issue “Orders to the Guard” that militia attire is acceptable.
- Ask event organizers to provide pop-up shelters (shaded areas) if possible. Provide a pop-up shelter just for the Guard.
- Ask event organizers to provide bottled water. Guardsmen should carry their own canteens or bottled water in their haversacks.
- Event organizers should ensure the program is limited to no more than 45 minutes. Saying we always did it this way is not risk analysis.
 - o Try to limit long-winded speakers. Suggest 5–10-minute time limits.
 - o Reduce the number of wreaths “Wreath-o-Rama. National event in

New Jersey, one giant wreath for all lineage societies and the Masons had a wreath (good call NJ). Everyone was recognized for participation. Consider other options for reducing time spent on wreaths.

o Ensure that Guardsmen are not required to stand in the summer sun at attention for more than about ten minutes.

o Consider alternate methods (all perfectly acceptable and consistent with Title 4 US Code in how the Colors are presented/displayed).

o **Option A:** march in and present the Colors for the Pledge/national anthem, then march off with the Colors (not posted). This is preferred by the US Military at outdoor ceremonies.

o **Option B:** same as above; but post the Colors and leave them in place (i.e., don't retire the colors). Best for photos.

o **Option C:** present, post, and retire the colors. Hard for the Guard to relax when they must step back up at the end of the ceremony in uniform.

o **Option D:** post the Colors before the ceremony (i.e., don't use a color guard). Many ceremonies use this.

o All the above are correct, but the first two options ensure that the Guard can retire to the shade and remove jackets and gear for the duration of the event. The last option is the least stressful, and this should be the preferred option in really hot weather (i.e., heat indices in the high 90s to low 100s).

o The event organizer should be aware of how to contact the local Emergency Medical Technicians (EMT), particularly if the event is in a rural area. Consider cell phone coverage in remote areas.

o Be mindful that we are not a youthful group, and our bodies become less heat tolerant and drop out quicker.

The above should be considered in a Summer Weather Risk Mitigation Analysis for each event. Conducting multiple summer outdoor events on the same day with the same attendees obviously presents challenges that could require adopting the mitigation measures noted above.

Be sure you are aware of the signs of sunstroke/heat exhaustion and the immediate steps to take to alleviate the situation.

Black Powder Incidents

I am going to address three incidents involving black powder that require attention of all NSSAR Color Guard members.

The first I will call the Westford incident which occurred on 19 March 2023. No involvement of NSSAR members or Color Guard. A reenacting unit was conducting drill in Westford Museum in preparation for the April Battle Road re-enactment depicting the Revolutionary War battles at Lexington and Concord. During drilling, a reenactor put his musket at full cock, pulled the trigger and fired. Even though the gun had no powder in the pan, the spark from the flint ignited the main charge and fired a musket ball into the museum. It went through a 6x6 wood post, into the second floor, and lodged into a wall. There were children in the museum at the time. Another visitor was narrowly missed by the ball. The State Police came, confiscated the musket, and then the news media showed up. As stated by the reenacting unit I belong to, "This is a wake-up call to all of us. Safety, safety, safety! Muzzle control and knowledge of the status of your own weapon are paramount to what we do." My takeaway from this incident is the failure to do safety checks prior to the drilling. Second, when doing practice firing, remove the flint and replace with a wooden wedge. The unit had no Accident/Incident Plan and no Media Liaison or Media Plan. They had no response as the evening news cameras covered this incident. The Hillsborough Incident occurred on 6 April 2024 at a Revolutionary War Living History Day. A participant in this event did not remove his ramrod from his black powder rifle causing the ramrod to be propelled from the rifle and strike another participant resulting in a bruised leg.

Apparently, rumors were spread that this was a SAR Sanctioned event, and the shooter was a SAR member. This was not an NSSAR sanctioned event. Neither was the shooter an SAR member, this was some deflection by people attending this event. The individual shooting had no affiliation with any reenacting units, which is one question as to why he was permitted to shoot, he was ramming down cartridges which is not permitted at National Parks and many state historic sites, and it is not permitted in SAR Color Guard standards. From a photograph I was shown it appeared the shooter was also wearing a bullet board which I wrote about in the last issue with ball ammunition attached. The fact the site lets this individual walk on is questionable. The SAR State Color Guard Commander issued a stand down order till this situation was sorted out. Two things that would be useful to have assisted; there was no State Color Guard Accident/Incident Report available and there was no State Media Liaison or Media Plan. Something to consider as rumors spread quickly. Also having a Statewide training program that certifies and documents the State Color Guard black powder shooters is relevant for countering these incidents with a State Media response.

Having an Accident-Incident reporting procedure together with a Media Response Team (that can issue "holding statements"). This helps (1) to get info quickly (or at

least to know what is known and what is not known). (2) To mitigate negative Public Relations and misinformation.

If a State Color Guard does have a safety stand down, publishing lessons learned will be useful for the NSSAR Color Guard.

The third incident happened at a Memorial Day Parade, the Malvern incident. This involved an SAR Color Guard participating in a parade event. There was an apparent public complaint filed at National Headquarters regarding unprofessionalism where weapons were pointed towards the public while the unit was participating in musket firing and bayonet charges.

Important to note, at the NSSAR Color Guard Committee meeting at the Spring 2024 Leadership meeting it was voted to stop All firing in parades. This will be updated in the NSSAR Color Guard handbook that is being revised.

While there can be fixed bayonets in outdoor events and there can be demonstrations, which are done at historic sites, consider the public safety concerns.

This incident is being investigated by the NSSAR Commander, again the State Color Guard should do a Stand Down and review their color guard training standards. In this case no Accident/Incident Report was completed and there was no State Media response as this incident was reported directly to NSSAR Headquarters.

Let's be safe out there Guardsmen!

Update on Liability Insurance and Survey

Ever sent I have been active with the color guard at the national level there have been question on BLACK POWDER INSURANCE.

But what we must realize is that potential liability goes beyond the color guard and black powder weapons. A guardsman or a member of the public can trip and fall on speaker cables, electrical cables, our equipment, etc. We concentrate on issues at commemorations and grave marker dedication ceremonies but there is also potential liability exposure every time we gather for a meeting.

The risk is real. Incidents have happened at SAR events.

If you believe that no one would sue your chapter, your state society, or the National Society of the Sons of the American Revolution, or you personally then you need to look at the state of liability litigation occurring in this country.

Every state is unique and varies greatly in the coverage available and the cost of that coverage. In Georgia we carry our coverage at the state level which also covers our chapters. Our hope is that at some time in the future the coverage can be at the National level and would then flow down to the state societies and chapters.

Many times, it takes several conversations with the insurance broker to make sure they understand the type of events your society undertakes and that you understand exactly what the offered liability policy will cover.

In several states we have seen the renewal premium jump astronomically this year and this has also required conversations with the broker and the underwriter so that the renewal premium could be reduced to just a substantial jump.

Each state society makes their own decisions but if you decide not to have insurance then please talk with a knowledge attorney on what can be done to minimize exposure. If a National Society SAR event is being held in a state where the society does not have liability insurance, then there cannot be any black powder activities at the national event.

If your state society has insurance, then the National Society SAR needs to be named as an additional insured.

As the National Color Guard Commander, I have been requested by the national headquarters to gather the following information:

- 1) State Society Name
- 2) Do you carry liability insurance? If so carrier and policy year
- 3) Number of members in the Color Guard
- 4) Number of Compatriots that attend at least one meeting or event each year (best guess, include color guard members)
- 5) Do you allow black powder firing? Number of events at which a black powder firing occurs
- 6) Outside of chapter meetings the approximate number of events in the state
- 7) Are there any events at which anything is placed in the barrel other than black powder? If yes please explain
- 8) If you do not allow black powder firings, then do any guardsmen carry operable weapons?
- 9) Are artillery pieces used at any events? Are artillery crews certified?

250th Anniversary of the Fairfax Resolves

SAR 250th National Event

You are cordially invited to the 250th Anniversary of the Fairfax Resolves. This is one of two national SAR 250th events this year. The SAR President General and other national officers will be in attendance. Registration is now open. The celebration will take place from July 18-20, located just a two-hour drive south to Fairfax County, Virginia, after the 2024 SAR Congress concludes in Lancaster, PA on July 16.

See the attached flyer for the 3-day schedule of commemorative events and activities. Make plans now to attend some or all of the activities following Congress. The primary SAR 250th event will take place at Historic Pohick Church on Thursday, July 18th, at 3pm. This is the home church of George Washington and George Mason, built in 1774, the year the resolves were signed.

Additional commemorative events will be held at George Mason's Gunston Hall, George Washington's Mount Vernon, Historic Christ Church and Market Square in Old Town Alexandria where the resolves were signed. The city of Alexandria will host its 250th event which will include the unveiling of a Fairfax Resolves Road to Revolution plaque near Market Square.

Dining events include meals at the Mount Vernon Inn and Historic Gadsby's Tavern, where Washington's birthday ball and Jefferson's inaugural banquet was held. The President General will host a reception at the Duvall House, where Washington was celebrated in December 1783, upon his return from the Revolutionary War. We will also enjoy a special Fairfax Resolves 250 craft brew and luncheon buffet at a local craft brewery.

Entertainment will include historical interpreters for signers George Washington, George Mason, Rev. Lee Massey and John Carlyle, a performance by the Old Guard Fife & Drum, a walking tour of Revolutionary Alexandria and a tour of the Tall Ship Providence, the Continental Navy ship commanded by John Paul Jones.

The following National Meetings are considered National events by Color Guard Policy due to the attendance of the President General:			
	NSSAR Spring Leadership Meeting		
	Annual NSSAR Congress		
	NSSAR Fall Leadership Meeting		

*A local event celebrating Memorial Day, Independence Day and Veterans Day may be counted as a National Color Guard event for the purposes of applying for a Color Guard Medal. Only a single event on each day may be counted. Multiple events on the same day cannot be counted multiple times. If the event is on a weekend nearest the actual holiday, that can be counted with respect to the single event limitation. For example, if a Veterans Day Parade occurs on a Saturday such as the 8th, then an event on the 11th does not count..

Note: As of the 2020 Spring SAR Leadership Meeting, a policy was adopted by both the National Color Guard and National Historic Sites & Celebrations Committees formally establishing that only the National Historic Sites & Celebrations Committee may designate National Historic Events based on that committee's established criteria. The only exception being that established Color Guard policy of recognizing President General, or his designated SAR General Officer representative, attendance at an otherwise unrecognized event will make that actual event a National Event.

Send event updates to [sarwilliamssa\(at\)gmail.com](mailto:sarwilliamssa@gmail.com) and Color Guard Commander

The National Events listed above count toward earning the SAR Silver Color Guard Medal and National Von Steuben Medal for Sustained Achievement (See the NSSAR Color Guard Medals section). Dates published above are of the actual battle / commemoration date.

Guardsmen should confirm the actual date of the event listed above with published event invitations on the National Society SAR website or with the host state society.

Submission Guidelines

As I continue to receive submissions that are not in conformance to the guidelines I will reiterate these in Large print. The most common submissions deal with photos - then text.

To Submit Photos:

- DO NOT embed in a text document - send as **file attachments** only.
- Send as JPG, GIF, PNG files. **Do NOT** send HEIC format.
- Send original resolution photo. A 33x39 pixel file is unusable.
- Name the files after the event, e.g., Parade1.jpg, Parade2. jpg and for multiple events ensure that you do not use the same file name twice!

To submit event text descriptions:

- Within the document use the proper photo file name(s) **for the specific event.**

- When listing the participants in the photo **use this format only** -
- “(Photo name)-(Event name) Color Guard members L-to R - John Jones, Sam Smith, David Daniels, Edward Evans, etc”

Do not do this - using tabs

(Event1) John Jones, Sam Smith, David Daniels, Edward Evans, Frank Fields
(Event2) John Jones, Sam Smith, David Daniels, Edward Evans, Frank . .

Remember, this is for Color Guard events - not chapter events wherein a chapter member makes a presentation that does NOT include color guard participation. Such Chapter presentations are suitable for the SAR Magazine. It must be an activity that the **Color Guard UNIT** is doing.

Armed Forces Day

On May 18th, the California Society Color Guard participated in the 62nd Annual Torrance Armed Forces Day Parade. This Torrance parade is notable for being the longest-running military parade sponsored by a city in the nation. Additionally, it is among the select cities across the country that have been authorized by the Department of Defense to pay tribute to our Armed Forces with an annual parade and celebration, drawing over 100,000 participants to the weekend’s events.

The Color Guard consisted of five Southern California Chapters: Harbor, South Coast, Orange County, Riverside, and General George S. Patton, Jr. Additionally, representatives from six local DAR Chapters and four C.A.R. Societies joined us, bringing the total to 53.

The muskets preceded the unit and entertained the onlookers by firing volleys at various intersections and were accompanied by Matt Noell and Kent Gregory on fife and drum following the Colors. Immediately following the Color Guard, the Harbor Chapter’s parade trailer provided seating for those wishing to demonstrate their support.

We hope you can join us next year, Saturday May 17th, 2025, as we muster up for the 63rd running of the parade.

Kansas -

The Kansas Society of the Sons of the American Revolution Color Guard, and its neighbors to the east and north, Missouri and Nebraska, had a busy 2nd quarter. With the McLouth Patriots Parade being the first, the color guard was invited to lead the parade, though it is not a big town, it ranks right up there with big town enthusiasm, as are the Kansas Color guardsmen, all eight of them. (Photo Below)

The patriotic passion of the Kansas and Missouri color guard for its veterans is unmatched. The two come together to welcome home the veterans returning from honor flights that had been aid for by schools and other organizations. Though the flights return to Missouri, the Kansas guardsmen were there to welcome them home, even if it is after midnight. In the month of April, May and June, there were a total of seven Honor flights where guardsmen waited to show the veterans that their service is muchly appreciated. (Photos at Right Above)

FIRST LADIES LUNCHEON

Friday April 26 in Grand Rapids Michigan a First Ladies Luncheon was held in honor of First Lady of the United States Betty Ford with guest speaker current First Lady Jill Biden. This annual event is held by the Gerald R. Ford Foundation and this year the Michigan Color Guard was invited to present the Colors by foundation Director Rachel Siglow. I reached out to our local scout leader and asked if we could count on two Eagle Scouts to join our Guard. Since it was a ladies event, with over 400 present, we requested a young lady and young man. She carried the Bestie Ross flag and he carried the Michigan flag. After presenting the Colors, members of the guard were invited to lunch and listen to our First Ladies speech.

The pictures were taken by Shaun Schuring, mother of Eagle Scout Kate Schuring pictured. The picture of Jill Biden was taken by Mlive.

This gathering highlighted the Boston Tea Party's historical significance and underscored SAR's mission to promote patriotic and educational programs. The Colorguard's participation was a big draw, bringing history to many people. The event demonstrated the Chapter's commitment to educational outreach and patriotic display, fostering historical awareness and honoring the legacy of our revolutionary forebears.

On June 15th 2024 the Grave of Patriot David DePue was dedicated at the Historic Highland Cemetery in Ypsilanti, Mi. We were fortunate to have the Honorable Consul of France in Detroit, Cedric Ballarin, offer a few remarks in regards to the alliance between France and the United States during the Revolutionary War. After the photo, we were talking with him about various Revolutionary War armament and we mentioned some of us carried Charleville Muskets. He surprisingly mentioned with delight that he was from Charleville in France and told us about a museum in the town dedicated to the musket and other armament. PATRIOTS DAY

Saturday, April 20, 2024: Guardsmen from the Missouri Ozark Mountain and Ozark Patriot chapters commemorated Patriot's Day at Springfield's Phelps Grove Park. Chapter President pro-tem James Robynette made introductions, led the pledge to the flag and Steven Perkins led guests in the singing of the national anthem. Bob Dixon spoke a few words about the great undertaking by the colonists, and then George Swales told attendees about the chronicled events of that historic day of April 19, 1775. As many know, British Regulars made their appearance in the towns of Lexington and Concord in their failed attempt to capture Sam Adams and John Hancock, and to recover arms and munitions suspected hidden away in Concord. Two hundred forty-nine years later, on a crisp and sunny morning Color Guard marched upon a much smaller arched stone bridge and symbolically fired three musket volleys. The bell was rung 14 times by chapter member David Carmichael to honor the original colonies and General Washington. Special guests included Greene County Commissioner Bob Dixon, and Pat Haas, Regent of the Rachel Donelson DAR chapter.

Sunday, April 21, 2024: Members of Missouri's Ozark Mountain Chapter Color Guard supported the DAR Rachel Donelson chapter with their America 250 Commemorative Tree and Historical Marker Dedication. State Chaplain Susan Hauf. Flags were presented by SAR & DAR for the Pledge to the Flag, and the National Anthem which was led out by the Honorable John Ashcroft, former Missouri Governor, and State Senator, and US Attorney General.

Renee Pace brought greetings, then Bob Dixon, Presiding Greene County Commissioner, and Springfield Mayor Ken McClure each spoke briefly about the significance of the historical events of 250 years ago. Mr. Ashcroft gave an inspiring talk about "liberty", and how it is critical for those who love it to preserve it, especially now. He touched on how the Justice system is in disarray and lost its way as it was designed and established by the founders of this nation.

The ceremony then moved to the south side of the Court House where the OMC Color Guard formed with flags. The DAR unveiled its new marker which stands before the America 250 tree and a single musket volley was fired.

The Republic AFJROTC manned the US flag at the center of the cemetery, raised it to the top, then lowered to half-mast during the Star Spangled Banner. Following Mr. Robinette's message, and the benediction and taps, a triple musket-volley was executed by Compatriots Piedlow and Perkins. Participating SAR members: John Hathcock, Dan Piedlow, Charles McMillan, Kavan Stull, Norm Knowlton, Ken Lawrence, Cris Brayman, George Swales, Winston Burton, Dan Philbrick, Jim Robinette, Steve Perkins.

May 29, 2024, Honor Flight, Springfield

Roughly 80 veterans, including our own Dan McMurray, returned to the Springfield-Branson airport after a very long day of seeing the monuments and sights in Washington DC. Ozarks Honor Flights has for years been doing twice-yearly flights that transport area Veterans, at no cost to them, to take that DC trip. Charles McMillan and Steve Perkins welcomed home the veterans, while Norm Knowlton took photos. This is a moving welcome and the turnout of the general public usually numbers around 400-500 people, including representatives from nearby law enforcement, and other Veteran's groups. US Representative Eric Burlison was among the greeters, as well as representatives for Josh Hawley and Eric Schmidt. Mayor McClure was also present and led the veterans from the gate through the greeters.

May 25, 2024, Vincennes Rendezvous, Steve Perkins of the Ozark Mountain Chapter, MOSSAR, attended and participated in the annual remembrance and memorial to George Rogers Clark at Vincennes, Indiana. The ceremony was held at the GRC National Park, hosted by the George Rogers Clark chapter of the Indiana Society, and attended by about 43 uniformed Color Guard, eleven of which were from six chapters from MOS-SAR.

May 26, 2024, French Patriot Grave Marking & Ft. San Carlos Commemoration

The Battle of Fort San Carlos Commemoration, and the recognition of five French Patriots was a great success with roughly 31 uniformed Color Guard representing 8 states. Many more non-Color Guard SAR members and spouse attended the ceremonies held at the Memorial Cemetery, and at the Ste. Genevieve Catholic Church. Bagpipes led the procession into the church where six flags were posted following the national anthem.

The event was organized by Executive Vice President Steve Biggs. The Milice de Ste Genevieve were integral to the ceremonies because they represent the very patriots who aided in the defense of Ft. June 1, 2024: Verona Pioneer Days

OMC-MOSSAR helped the city of Verona by officially kicking off the first annual Pioneer Days, in Cannon Park. Following a pancake feed, the opening ceremony centered around the presentation of flags by Color Guard. The event was chronicled by our pinch-hit photographer Derrol Hutton. Groups from a half-dozen nearby states came to participate in a celebration to remember days of yore when Lawrence (Greene) County was first settled in the 1830's and 40's. OMC members stayed for a few hours and cultivated several interested men to pursue membership. OMC members were Don Higgerson, Ken Lawrence, Dan Piedlow, Kavan Stull (Nims Chapter), Charles McMillan, Steve Perkins, and Mr. Hutton. AND! Kenneth Lawrence was presented his Southwest District Commander gorget, a traditional accoutrement the state color guard commanders are authorized to wear.

Flag Day June 14, 2024

The Ozark Mountain Chapter, Missouri SAR, conducted its annual Flag Day ceremony at the historic Greene County Courthouse, Friday, June 14, 2024. Many employees of the county, including representatives of the Greene County Commission and Greene County Sheriff's office attended. OMC presented a vexillology review of seven flags:

50-star, Betsy Ross, Missouri, and four regimental or Battle flags from the American Revolution. Pat Haas, Regent of the Rachel Donelson DAR chapter, read the American's Creed, which is a perfect complement to Flag Day. The Courthouse Chorale opened with the National Anthem, and throughout the ceremony sang patriotic songs, including the songs of the military branches. This moving ceremony honored our country and the flags that represent its 250 year history. Photos were taken by OMC member Dan Piedlow, and other participating members were (L-R in the photo) Steve Perkins, Charles McMillan, Don King, Dan McMurray, Don Higgerson, Norman Knowlton, Ken Lawrence, and George Swales.

On May 25, members of the Omaha Chapter Color Guard, along with other Chapter members, marched in the 4th annual Patriotic Productions Memorial Day Parade in Downtown Omaha.

On May 26, Color Guard Commander, Paul Burrignt, traveled to Ste. Genevieve, MO, to participate with the National SAR Color Guard for the celebration of the Battle of Fort San Carlos, and the Patriot Grave Marking ceremony for 7 patriots of the Revolutionary War. It

was a great event and Commander Burrignt met many of the guardsmen that were there to represent their respective state societies.

On June 6, the city of Papillion, NE, unveiled Nebraska's first state monument to Vietnam Veterans and the Nebraska DAR hosted a luncheon for the Vietnam Veterans in the area. The Nebraska SAR Color Guard presented the colors at this event, and we had some nice conversations with many of the Vietnam veterans in attendance, who were grateful for our participation in their honor.

On June 8, members from Nebraska traveled to Des Moines, IA, to participate with other color guard members from the North Central District, in dedicating a DAR America 250 marker in the GAR circle and veteran section of historic Woodland Cemetery. This is the 8th America 250 marker that the Nebraska color guard has helped dedicate in Nebraska and Iowa.

On June 22, the color guard had a full day of activity in Beatrice, NE. The day started with the Homestead Days Parade down Court Street in Beatrice at 10am. At 1pm, the Nebraska SAR hosted a Compatriot Grave Marking ceremony at Evergreen Cemetery in Beatrice, for Nebraska SAR founder, Gilbert Cole, who was NE #11 of 12 founding members when the Society was founded in 1890. Compatriot Cole was also a Civil War veteran, and we were joined by our Color Guard Compatriots in the Kansas SAR, the Nebraska DAR, as well as the Sons of Union Veterans [of the Civil War] and Daughters of Union Veterans [of the Civil War] to honor this Compatriot and his service. At 2:30pm, we traveled to Beatrice Cemetery to a DAR grave re-dedication of Real Daughter, Lucy Wills Tibbets, who was a member of the Nebraska DAR and whose father, James Wills, was a Revolutionary War veteran. It was a hot and muggy day, but a great day of patriotic celebration in Nebraska.

On Flag Day and the US Army Birthday, June 14, 2024 - the NVSSAR Battle Born Patriot (BBP) Chapter Color Guard performed an Honor Guard in support of the Nevada National Guard's presentation of colors at ceremonies held on the State Capitol Grounds in Carson City, NV. 247TH ANNIVERSARY OF THE BATTLE OF BOUND BROOK

On April 13, the New Jersey Society Sons of the American Revolution Color Guard conducted a wreath laying to commemorate the Battle of Bound Brook, fought April 13, 1777, in Bound Brook, N.J. NJSSAR Color Guard Commander Jay Hershey led a detail consisting of Ed Glidden, Gary Beauregard, Jake Rue, Robert Gula and Tom Damico. Also in attendance, Catherine Paretti from the New Jersey Daughters of the American Revolution. On Sunday, April 13, 1777, a four-column force of 4,000 British Crown troops led by Lord Charles Cornwallis attacked a small American garrison of about 500 commanded by General Benjamin Lincoln in the town of Bound Brook. The objective: capture the garrison and provisions. An advance column led by Hessian Jaeger scouts attacked too soon, spoiling the coordinated surprise attack, and were pinned down by Colonial soldiers who put up a spirited resistance at the Old Stone Arch Bridge. The skirmish bought precious time for the bulk of the American force in Bound Brook as British forces poured into the area. When a second column of 1,000 British soldiers attacked, the Continentals successfully retreated, escaping the trap.

Commemorating of the 246th Anniversary of the Battle of Monmouth

SAR Color Guardsmen from New Jersey, New York, Pennsylvania, Delaware, Connecticut and Florida performed a wreath laying at Battle of Monmouth Weekend, June 15, at Monmouth Battlefield State Park. Wreaths were placed by the NJSSAR, NJDAR and Sons of the Revolution honoring all who fought in the battle, June 28, 1778, and General Friedrich Wilhelm von Steuben, the Drillmaster of Valley Forge, whose diligence and instruction helped turn the Continental Army into a disciplined and powerful force. The benefits of that training, imparted during the 1777-78 winter encampment at Valley Forge, were first seen on a major scale in the American victory at Monmouth.

Commemorating the Battles of Springfield and Connecticut Farms

Recognized last year as a National SAR Color Guard Event, the Battles of Connecticut Farms and Springfield, fought June 7 and 23, 1780, were commemorated on June 22 in Springfield, NJ. Severe heat and rain prevented the usual order of the joint ceremony, a wreath laying in Battleground Cemetery followed by a march to the First Presbyterian Church. Instead, wreaths were presented inside the church by New Jersey Daughters of the American Revolution and its Church and Cannon Chapter, led by Regent Heather Sanford, and NJSSAR represented by Color Guard Commander Jay Hershey, also president of the West Fields Chapter, containing both Springfield and Connecticut Farms.

When the weather broke, Color Guardsmen assembled at the Minuteman statue outside First Presbyterian where the immortal "Fighting Parson" Rev. James Caldwell uttered the famous line, "Give 'em Watts, boys!" while tearing pages from hymnals to be used as wadding for the guns.

The Battles of Connecticut Farms and Springfield were fought in neighboring towns two weeks apart. Each battle featured thousands of troops, intense combat and a sound defeat of British and Hessian plans to capture George Washington and Continental stores at nearby Morristown.

The Arrest of Governor William Franklin

Every June, the 1762 New Jersey Proprietary House in Perth Amboy stages a reenactment of the arrest of Governor William Franklin with the help of the NJSSAR Color Guard. The Proprietary House was the home of the last royal governor of New Jersey, William Franklin, a devout loyalist despite being a son of Benjamin Franklin. The reenactment depicts the moment in June 1776 when Franklin was arrested by Colonial militia (played by members of the NJSSAR Color Guard) and sent to Connecticut for imprisonment. The Proprietary House is the only colonial governor's mansion still standing in the U.S. This year, Jay Hershey participated in the show, while fellow Color Guardsmen Ed Glidden and Gary Beauregard performed demonstrations of the musket and long rifle.

The Battle of The Short Hills 247th Anniversary Commemoration

On the morning of June 26, NJSSAR Color Guard helped honor the 247th anniversary of The Battle of The Short Hills, fought June 26, 1777. The ceremony took place in Edison, NJ, in a preserved part of the battlefield designated as a city park, Oak Tree Pond Historic Park. A well-turned-out detail of eight from the NJSSAR Color Guard, led by Commander Jay Hershey, posted the colors. NSSAR Education Outreach Chair and History Vice-Chair Roger Williams was present. Present from the DAR, Susan Luczu, Jersey Blue Chapter Regent and NSDAR Insignia Committee, Karen Keithler and Janena Benjamin from the Matochshoning-Rebecca Cornell Chapter; and Ken McKeever, President of the New Jersey Sons of the Revolution. Edison Councilman Joe Coyle led those assembled in the Pledge of Allegiance. Mayor Sam Joshi and City Administrator Robert Diehl both gave welcoming remarks. The city's chiefs of police and fire department attended as well. From the State of New Jersey, Carri Fellows, executive director of Crossroads of the American Revolution was present, as were representatives of the Edison and Westfield historical societies. This battle, named for "the Short Hills" that once made up the area's distinguishing feature, unfolded over a long summer's day in 1777 during which British, Hessian and American troops engaged in a fight that began in the morning in Woodbridge and spread to Edison, Metuchen and Plainfield. The extended attack, an effort to capture General Washington, failed after a daylong fight when Washington

and his combined force of Continentals and New Jersey Militia retreated to their stronghold in the Watchung Mountains. The retreating 14,000 British and Hessian soldiers, for their part, marched through Scotch Plains and West Fields in a notorious raid that ransacked numerous homes and lasted into the next day.

On Saturday, May 18th 2024, The National Society of the Sons of the American Revolution (NSSAR) Oklahoma Society, Oklahoma City (OKC) Chapter Number 1, Color Guard Team marched for the First time in the Nation's Largest Armed Forces Day Parade. With over 100 Entries, this was the most Parade participants in several Decades. The 2024 "Sound of Freedom"-themed Parade went well. The Armed Forces Day Parade's First Parade began around 1957 and has been hosted by the City of Lawton and Fort Sill for all the Parades! SAR Chapter President Craig Crow organized the OKC Chapter Color Guard entry as part of his SAR "Growth and Expansion" Plan for Oklahoma.

The Color Guard was Commanded by Commander Mark Reichardt. Other Color Bearers were Color Sergeant Major Terry McClain, Chapter President Craig Crow. Oklahoma Society Color Guard Commander Joe Sieber and driving the "Safety" Truck with the SAR Banner was Honor Guard Commander Steve Miller, who was on the injured list due to Horseplay with Horses. Colors Carried were the American National Flag, the Betsey Ross Flag, the Oklahoma State Flag and the NSSAR America 250 Flag.

Commander Mark Reichardt has grown the Color Guard still further and morale is high due in large part to an aggressively organized Musketry Team being added to the Chapter. Some of the Chapter Members are actively involved solely due to the active use of Musketry in our Honor Guard. Two other SAR Chapters have augmented our Musketry Honor Guard for Major Events, which makes the event a "Society"-Level event, Commander Reichardt envisions Color and Honor Guard participation in over 70 Events this Coming Year. He is well on his way in achieving this Goal! Great Job Commander!

Ft Vancouver School Presentations

We had originally scheduled a presentation for one fifth grade class of 25 students at Lauren Middle School in Battle Ground in March 2024. When the other fifth grade classes heard about it, they wanted to participate too. The challenge was that it brought the student headcount up to 185. So, it moved from a single classroom to using the entire student cafeteria.

We knew we had to modify our approach given it would no longer be an up close and personal delivery.

We incorporated a music video on the upcoming 250th celebration of our nation (the one we used to open our state SAR conference in Spokane); we enlisted several students to help us present and post the colors and we assigned several students (wearing Tricorn hats) to walk around replica flags of our nation and other memorabilia so fellow students could see items up close. We adapted, kept their attention and it went well.

On April 15, 2024, The Fort Vancouver Color Guard presented the "A Day in the Life" patriot chest at the VITA school in Vancouver to 40+ students. SAR members from Ft Vancouver in attendance were: Paul Winter, Michael Fitzpatrick, Jeff Lightburn, and Andrew Brewer. Marker Dedication

Ft. Vancouver Chapter, assisted by the George Rogers Clark Chapter and the local DAR chapter, presented the colors in Longview, Washington at the newly designed Monticello Society marker. The marker commemorates the descendants of those founding the Oregon Territory and its splinter "Columbia" territory north of the Columbia River. The "North Oregon Territory" became Washington State by a unanimous act of Congress in 1889. Our chapter and society, like many nationally, are experiencing Color Guardsman "aging out" and unable to participate in marching activities. Our visibility remains strong through inter chapter cooperation, sharing Color Guardsmen at significant events.

In the Picture L- R: Greg Stewart (FV), Paul Winter (FV, Senator Jeff Wilson 19th District, Calvin Fowler, dedication organizer from 23 Club, Larry Heckethorne (FV). Art Dolan (GRC) and Dick Moody(GRC).

The D.A.R. selected the Historic Schmidt House, Tumwater WA, for the two week display. The historic Schmidt House was built in 1904 for Leopold F.Schmidt, founder of the Olympia Brewing Company, his wife and their six children. The home is listed on the National Register of Historic Places, the Tumwater Register of Historic Places and is within the Tumwater Historic District.

The D.A.R. selected the following organizations for opening ceremonies: the "Children of American Colonists" on April 7th and "Children of the American Revolution" on April 14th, 2024 The George Rogers Clark Color Guard posted colors for both ceremonies. It is through our chapters close association with the D.A.R., Children of the American Revolution, Children of American Colonists, and Daughters of American Colonists, our chapter continually recruits new members and continues to increase membership.

On April 16, 2024, the Wisconsin Color Guard presented the colors during the singing of the National Anthem before the Milwaukee Brewers Baseball game. We are just on the outfield grass by 2nd base, being blocked by some Brewers players, but we can be seen on the Jumbo-Tron. We are being led by the Wisconsin SAR Color Guard Commander, the Late Brian S. Barrett, who passed away 3 weeks later on May 7, 2024,

Revolutionary War Days was held at the Old Falls Village in Menomonee Falls, WI on May 4-5, 2024. The Wisconsin Color Guard manned two tents. The event had a scavenger hunt for the children, our display was a treasure trove. The kids could check off 1- Colonial uniform 2- Colonial Flags 3-Musket 4- Bayonet 5- Fife and 6- Drum. We handed out over 100 Fifes for the children to keep. The Fifes were made out of 3/4 inch PEX tubing that is used in new home construction that conveniently comes in Red (for hot water), White and Blue (for cold water).

The drums were repurposed from an old drum set stained and painted to look like Revolutionary War Era drums. The kids really enjoyed playing the drums, much easier learning curve than the Fife. An informational sheet was handed out with the Fife's containing a Brief History of Fife's in the Revolutionary War, a fingering chart, and a short sheet music version of "Yankee Doodle".

We planted the seed of patriotism and recruited many to our Glorious Cause.

(Sadly, 2 days after this event, Brian S. Barrett, The Wisconsin Color Guard Commander passed away.)

The Wisconsin Color Guard took part in the annual celebration of Flag Day by the Benevolent and Protective Order of Elks Lodge #400, Waukesha, WI. Matt Sonnenburg of The Wisconsin Color Guard presented the SAR Bronze Citizenship Award to Mason Damaske. Mason is a snowplow driver for the City of Waukesha Public Works. In January of this year while plowing after a snowstorm he noticed a fire in a garage started by an overheated snowblower. He stopped, called in the fire, and took the fire extinguisher from his snowplow and started putting out the fire while the family got out the house. After he emptied his fire extinguisher, he grabbed a bucket and started putting snow on the fire. The Fire Department arrived in 5 minutes, put out the fire, and Mason returned to plowing snow. A very happy ending. Also in the photo are Color Guard members Robert Plastine (left) and the Late Brian Barrett (right)
